OF SCIENCES AND LITERATURE

Accredited by

*Give your career a boost*

## Get a **Bachelor's** degree

Ordinary courses or by A.P.E.L  
(Accreditation Prior Experiential Learning)

## GET A BACHELOR'S DEGREE FROM SELINUS UNIVERSITY AND ENJOY A MODERN AND CHALLENGING STUDY PROGRAM

Every adult student's needs, background and profile is different. Reason why each application request is individually examined. The first step is to send us an email attaching your detailed Curriculum vitae; you will tell us what you are interested in between Bachelor of Art (B.A) and Bachelor of Science (B.Sc) as well as the chosen Major. In a few days, the Academic Secretariat will process your CV and send you back the Provisional Certificate.

The Provisional Certificate will list: your personal data; the obtained credits from your CV validation process (study, professional experience, skills, certifications, courses); the missing credits you are required to earn in order to access your chosen degree course; the study majors most consistent with your profile and the Faculty chosen and the cost of the entire program. In addition to the Provisional Certificate, you will receive the Application Form, in case you decide to enroll.

Once the Application Form and the requested documents are properly sent by the candidate, they will be processed during 5 working days. After that, Selinus Secretariat will issue the Certificate of Enrollment, the Payment Plan (you previously decided to subscribe). Immediately after, your account will be activated and you will be able to access it through your registration number.

## **BACHELOR VIA DISTANCE LEARNING**

Selinus University Bachelor is a distance learning study program addressed to high profile adult students who are motivated and professionally engaged. We assume that responsibility and motivation allow our students to develop their home study program, with no need of constant tutoring and guidance to their academic work.

Obviously, we understand that personal and professional commitments can be a hindrance to the study time at home. For this reason, students will not be affected if they do not comply with the study program and the assignments performance. Selinus University believes that self-organization is undoubtedly the best option for adult students since it implies freedom of time and stress reduction. Basically, each student is free to manage his/her study time to carry out his/her program.

Selinus University will not contact the students unless they request advice, tutoring or submit any academic work for verification.

The distance learning program is meant to help the students manage their own time as they best believe. However, Selinus University will not involve the student in a detached and impersonal home study experience: our Secretariat will be available at any time for questions, comments or feelings on the study progress.

Selinus University does not provide strict time limits for home study program completion. However, for the purposes of examinations, you have to submit at least one report per year in order to keep your student account open. If the student does not submit any work study during a 12-month period, the student's account will be disabled.

## HOW TO GET A BACHELOR DEGREE AT SELINUS UNIVERSITY

Two program attendance systems are available:

1) **the "ordinary" procedure:** going through every course subjects in the program. Uniselinus Distance Learning study programs do not implement traditional examinations per each subject, but reports writing (Units Examination) on the course textbooks previously studied. The reports are validated and transformed into academic credits for graduation purposes. It will be necessary to reach the threshold of 90 credits to access the final thesis.

2) **the A.P.E.L.** (Accreditation Previous Experiential Learning) procedure: evaluating previous studies carried out by the student and his/her professional experience. Language and computer skills are also taken into consideration as well as any certified training. In some exceptional cases, high-profiles students whose A.P.E.L. evaluation exceeds 90 credits will be admitted directly to the thesis.

Selinus University distance learning courses consist in the study of textbooks, web links, indicated handouts and the reports production on textbook readings according to the Selinus guidelines. The A.P.E.L. program is reserved to students being aged 30 at least and having 5 years of professional experience; it is also open to professionals, entrepreneurs, managers and officials.

## YOUR BACHELOR VIA DISTANCE LEARNING

Selinus University is dedicated to intercultural education in an international perspective. Several social factors have created a momentum towards globalization. As a competence oriented adult education institution, we respond by building international modern curricula to adjust to today worldwide adult learning community needs.

Distance higher education for adults is a good and effective alternative to a formal university campus. Selinus University offers perfectly legal degrees that are legitimately obtained through distance higher education programs. For younger students, it is certainly more useful to attend a traditional campus; however, adult students, who are often unable to leave work or family, may not need traditional university campus social experiences.

A distance higher education institution as Selinus University can be exactly what they need. A distance university should never be considered as a substitute for formal education; it is rather an alternative that provides a convenient learning experience. Anyway, it also requires a greater degree of self-motivation and self-discipline. Those values are highly appreciated by companies.

Selinus University's distance higher education for adults has adopted an efficient study method that provides useful content, including a substantial bibliographic selection; all programs can be completed at home without traditional exams anxiety. Such adult distance pedagogy has been chosen as a successful example by UNESCO, the European Union and many other countries. For this reason, many distance learning Universities such as Selinus have adopted this system.

Skills acquisition is given the utmost importance. How those skills are achieved is secondary. Companies that hire, multinationals, NGOs, private bodies, do not consider relevant the way in which their potential employees achieved their knowledge. Selinus University verifies and then "certifies" specific professional competences through a Bachelor Degree. As a matter of fact, Selinus makes the whole process smooth and easy.

## Accreditation - Education Quality - Reputation

**The accreditation process is non-governmental and discretionary.** A distance education university usually appeals to a private, regional or professional association, in order to be accredited. When any university applies, the accrediting institution performs an overall assessment and grants the accreditation only when deemed appropriate, according to its own accreditation criteria. No worldwide accreditation standards are currently available for any distance learning higher education institutions such as Selinus University.

A distance learning degree can be useful for many purposes, but not for all. It can give access to many careers and jobs, whereas others require government-accredited diplomas.

**For this reason, before enrolling, we suggest our potential students to verify the correct degree use in their country.**

Professional reputation depends on people's skills and competency, that are only virtually represented by the obtained degree. It is therefore necessary to bear in mind that any company or employer relies more on actual knowledge and expertise owned by aspiring employees, rather than on their degree. For most companies, the completion of a distance university program is as valid as attending courses in a formal university campus.

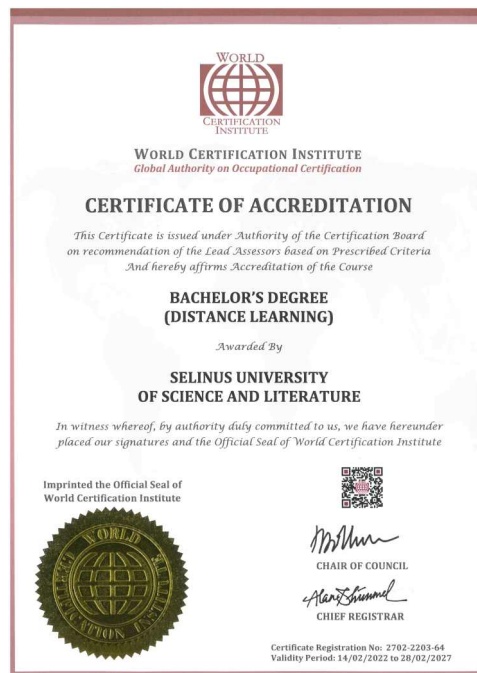

## Selinus University of Science and Literature has the WCI (World Certification Institute) accreditation

Selinus University is globally accredited by the WCI (World Certification Institute), a leading global certifying body that grants credential awards to individuals and educational institutions. The WCI accredits courses and study programs delivered by universities, colleges, schools, professional institutions and training companies.

WCI has accredited Selinus University of Sciences and Literature after carefully reviewing, validating and authenticating its study programs.

The World Certification Institute examined the following parameters: program content and duration, teacher qualifications and expertise, financial strength and integrity of course providers and, most importantly, titles relevance for professional and career development, in line with Selinus University's mission.

**Selinus University's higher distance education is accredited by recognized private and international bodies, since it meets their educational quality standards.**

# Quality Management Certification

## Selinus University is ISO 9001:2015 certified

## and ISO 29990:2010 LSMS certified

## Business School is ISO 21001:2018 EOMS certified

In February 2022, the Selinus University of Sciences and Literature was awarded the **ISO 9001 Quality Management Certification**, for which organisations must undergo thorough conformity checks by an accredited certification body, and which attests the quality of Selinus University's systems and solutions for its students.

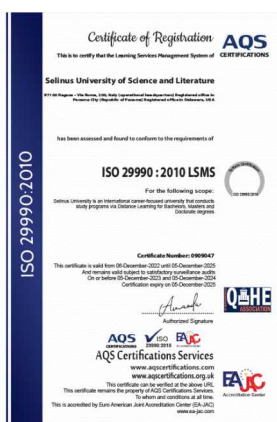

Since December 2022, it is also certified **ISO 29990** as an international university that offers career-focused study programs via distance learning for Bachelor's, Master's and PhD degrees.

Selinus University Business School is also certified **ISO 21001** as an international school for professionals, managers and entrepreneurs that want to get a Bachelor of Business Administration (BBA), a Master of Business Administration (MBA), a Doctor of Business Administration (DBA) or a Global Executive PhD.

ISO standards are defined by the International Organisation for Standardisation (ISO) and outline the requirements for quality management systems within organisations and companies, both in private and public sectors.

## Guarantees of Certifications

The ISO 9001, 29990, 21001 certifications attest that Selinus University adopts a quality management system which is centered on the needs and expectations of its students. Furthermore, it guarantees the high standards of its services, by their continuous monitoring and improvement.

## Selinus University has been granted full accreditation by AAHEA (American Association for Higher Education and Accreditation)

The AAHEA is the oldest non-profit association in the United States dedicated to the advancement of higher education.

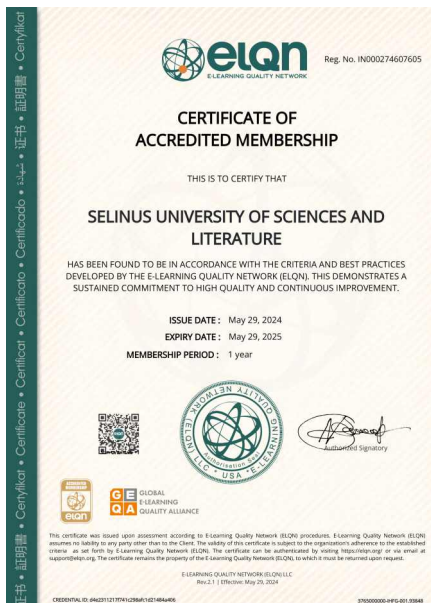

The American Association for Higher Education is an independent professional organization that promotes change and reform in higher education, fosters quality teaching and learning at the college and university level, and promotes public awareness of the value of higher education in the United States and around the world.

The goals of the AAHEA include: identifying and analysing critical problems, trends, and developments in higher education and seeking constructive solutions; helping to coordinate the efforts of educational institutions and agencies at all levels; encouraging the improvement of professional work in all areas of higher education; and developing a better understanding by the general public of higher education and higher education as a profession.

## ELQN ACCREDITED SELINUS UNIVERSITY:

A COMMITMENT TO THE HIGHEST STANDARDS OF E-LEARNING

The E-Learning Quality Network (ELQN) brings together a wide range of organizations committed to ensuring and improving the quality of e-learning. The network includes training providers from all over the world - such as universities, business schools, higher education centers and online training platforms - who contribute through innovative methodologies to promoting excellence in education, driving innovation and fostering collaboration in e-learning globally.

The main aspiration of ELQN - and of Selinus University as well - is a future in which every digital learner is empowered not only to acquire knowledge, but also to develop a lifelong passion for learning, growth and innovation.

## Selinus University has the QAHE accreditation

(International Association for Quality Assurance in Higher Education)

The QAHE, registered in Delaware (USA), is an independent, private and international organization which is funded through fees charged for its accreditation services to higher education institutions, certification bodies, e-learning management system providers and training organizations.

QAHE is an authority in recognizing higher education institutions for research performances, student services and quality of teaching. Furthermore, QAHE has been assessed conform to the requirements of ISO 9001 (Quality Management System), ISO 29990 (Non-formal Education and Training Services Management System), ISO/IEC 17011 (requirements for the competence, consistent operation and impartiality of accreditation bodies assessing and accrediting conformity assessment bodies), ISO/IEC 17040 (general requirements for the peer assessment process to be carried out by agreement groups of accreditation bodies or conformity assessment bodies), ISO 20000 (Service Management System) and ISO 27001 (Information Security Management System).

With its huge network and worldwide credibility, QAHE accreditation certifies Selinus University's commitment to provide quality education, in compliance to the highest international standards.

# Selinus University collaborates with the California University Foreign Credential Evaluation for the issuance of the US certificate of degree equivalence

Thanks to this partnership, a validation procedure of the credits obtained allows Selinus University graduates to obtain the certificate of equivalence in the USA. The CUFCE (<https://www.cufce.org/>) is an evaluation agency that meets the requirements of the National Curriculum Evaluation Services (NCES) and UNESCO for accredited professional evaluators (PEs) to evaluate curricula and other academic programs of universities, colleges and schools seeking regional or national accreditation in the US.

California University FCE is organized under the Nonprofit Public Benefit Corporation Act for public and charitable purposes and is subject to California Franchise Tax Exempt Status. It is registered with the State of California Registrar of Deeds. California University FCE has applied for and been granted a five-year renewable institutional registration by the Registrar of Los Angeles County, California, current registration number: 20100880209.

## Selinus University graduates can apply to CUFCE to obtain the Dual Degree.

For further information, please contact via email our secretariat.

## NOTE

Sometimes, our students - that are managers, professionals or entrepreneurs - need to obtain licenses or to transfer academic credits to/from other institutions. However, in the United States many licensing authorities require accredited degrees as a basis for issuing licenses. Therefore, the recognition of non-accredited university degrees, either for academic or professional purposes, may be discretionary.

In the event that a potential student wishes to enroll at Selinus University in order to access a governmental or public job or career, we recommend that the requirements are ascertained beforehand with the relevant authorities by the candidate, to assess whether the degree is useful or not for the desired work purposes. Selinus University does not intervene in such verification process.
